Fixed-scope Phase 1 engagement. All fees are exclusive of VAT; VAT of N480,000 at 7.5% is carried on the final milestone. On receipt of the mobilisation fee, C4A mobilises within the week; discovery and compliance groundwork run in parallel from week 1, with go-live targeted at week 7. Care & hosting (in-country hosting and database, encrypted daily backups, monitoring, security patches and ongoing support, all infrastructure bundled) begins at go-live and is invoiced separately: N250,000 per month, or N230,000 per month where the quarter is paid in advance (N690,000 per quarter, plus VAT), held for the first twelve months from go-live. The NDPC registration fee is payable directly to the Commission and is not included above. Later modules are separate phases, each scoped and quoted on their own. Thank you.
