

Would you use it?

A short survey for consultants practising privately in Abuja.

Consult for Africa is advising on a new private consulting facility in Abuja: serviced consulting rooms available by the session, with an on-site laboratory, imaging and pharmacy, trained nursing support, and billing and collection handled for you. **Before anything is built, we want to hear from the consultants who might actually use it.** This takes about five minutes. Your answers are confidential and will be reported only in aggregate.

SECTION A

Your practice

1. What is your specialty?

2. Where do you currently see private patients? Tick all that apply.

- | | |
|---|--|
| ☐ My own consulting rooms | ☐ At the patient's home or office |
| ☐ Rooms I rent or borrow | ☐ I do not currently see private patients |
| ☐ A hospital where I have privileges | ☐ Other |

3. In a typical week, roughly how many private patients do you see?

- | | | |
|---------------------------------|-----------------------------------|---------------------------------------|
| ☐ None | ☐ 6 to 10 | ☐ 21 to 30 |
| ☐ 1 to 5 | ☐ 11 to 20 | ☐ More than 30 |

4. Roughly what do you charge for a first private consultation?

- | | | |
|---|--|---|
| ☐ Under NGN 25,000 | ☐ NGN 50,000 to 75,000 | ☐ NGN 100,000 to 150,000 |
| ☐ NGN 25,000 to 50,000 | ☐ NGN 75,000 to 100,000 | ☐ Over NGN 150,000 |

SECTION B

Sessions

A session is a half day of exclusive use of a private consulting room, booked in advance.

5. If serviced consulting rooms were available in Abuja, how many sessions a week would you realistically use?

- | | | | | |
|-------------------------------|----------------------------|----------------------------|----------------------------|------------------------------------|
| ☐ None | ☐ 1 | ☐ 2 | ☐ 3 | ☐ 4 or more |
|-------------------------------|----------------------------|----------------------------|----------------------------|------------------------------------|

6. Which time bands would work for you? Tick all that apply.

- | | |
|--|--|
| ☐ Early morning, 07:00 to 09:00 | ☐ Evening, 17:00 to 21:00 |
| ☐ Morning, 09:00 to 13:00 | ☐ Saturday morning |
| ☐ Afternoon, 13:00 to 17:00 | ☐ Saturday afternoon |

7. Which single band would you most want?

8. If you currently rent consulting space, what do you pay? Please say per session, per month or per year.

SECTION C

What it would be worth

A serviced half-day session would include: a private consulting room, reception and patient check-in, a trained nurse or chaperone on call, records and results handling, billing and collection, an on-site laboratory, imaging and pharmacy, and parking for your patients.

Thinking about that, please give a naira figure for each of the four questions below. There are no right answers and the four should be different numbers.

9. At what price per session would it be so low that you would question the quality?

10. At what price would you consider it good value?

11. At what price would it start to feel expensive, but still worth considering?

12. At what price would it be too expensive to consider at all?

13. An annual membership would give you member session rates, priority booking of your preferred room and time band, and inclusion in the facility's directory. What would you consider paying a year?

☐ I would not pay a membership

☐ NGN 1 to 2 million

☐ Under NGN 500,000

☐ NGN 2 to 3 million

☐ NGN 500,000 to 1 million

☐ Over NGN 3 million

SECTION D

What would matter most

14. How important would each of these be to you? One tick per row.

	Not important	Useful	Important	Essential
The address, and how the place looks and feels	☐	☐	☐	☐
On-site laboratory and imaging, same visit	☐	☐	☐	☐
Billing and collection handled for you	☐	☐	☐	☐
A trained nurse or chaperone on call	☐	☐	☐	☐
Parking and discretion for your patients	☐	☐	☐	☐
Booking by the session, with no lease	☐	☐	☐	☐
Which other consultants practise there	☐	☐	☐	☐
A room you can call your own	☐	☐	☐	☐

SECTION E

Procedures

15. Do you perform any of the following? Tick all that apply.

- ☐ Minor procedures under local anaesthesia
 ☐ Procedures needing a full operating theatre
☐ Procedures needing sedation and an anaesthetist
 ☐ None of these

SECTION F

If you would like to hear more

16. We are assembling a founding group of consultants who will help shape the facility and take the first rooms. Would you like to be contacted about it?

- ☐ Yes, please contact me
 ☐ Send me the findings, but no contact
 ☐ No thank you
