

The people, the leadership, and the systems African healthcare runs on.

In one partner.

We help hospitals, health systems, investors, and governments turn ambition into delivery. We do not hand you a report and walk away. We build, staff, and stand behind the outcome.

The gap between a struggling hospital and a thriving one is rarely the building or the equipment. It is execution. It is leadership. It is people. Consult For Africa exists to close that gap, and around that work we have built three things African healthcare has long been missing.

MAAROVA

Leadership assessment and coaching for healthcare's decision-makers.

Identify, measure, and grow the clinical and executive leaders you depend on. Stronger leaders, steadier institutions.

consultforafrica.com/maarova

CADREHEALTH

The workforce platform connecting your facility to the talent it needs.

Verified doctors, nurses, and specialists, including diaspora professionals. Permanent, locum, or fractional.

consultforafrica.com/oncadre

COOKEDINDOORS

Medical nutrition and catering, because recovery happens on the plate too.

Clinically informed, condition-specific meal programmes for patients, facilities, and care teams.

cookedindoors.com

Trusted to run, not just advise.

Consult For Africa is the management partner for Pastor Dr. Tony Rapu's 21-bed drug and addiction rehabilitation centre in Lekki, Lagos.

Whatever you are trying to build, start the conversation today.

Leadership, workforce, operations, or nutrition. One partner, the full picture. Executive response within 48 hours.
